Central States was a great success. The

piece on the 1792 half disme on Tuesday on
the front of the Life section and a story on the
\$1.3 million sale of the coin on Friday.
WBNS-10TV also carried reports on the coin,
as did the AP wire and the New York Times.

Attendance: 4,797, plus kids and dealers

May 21 - Dan's show at Clarion, Dublin

May 21 - Sidney coin show, Holiday Inn

April quick hit

Dan Carroll delivered the Quick Hit, this time on 1937 3-legged Buffalo nickel.

The back of the Indian's neck on real ones, he advised, is a bit moth eaten. On the back, the buffalo looks like he's answering nature's call.

April recap

Herman Blanton detailed the story of the laying of the trans-Atlantic cable in 1866 and his search for information about a medal awarded to Samuel Canning by the American Chamber of Commerce of Liverpool, England.

Herman spied the medal at auction, secured it and researched its history in numerous libraries.

Samuel Canning (1823-1908) was an English engineer who worked on the monumental project - a technological marvel of the 19th century.

OSNA raffle Tickets

OSNA President Gary Moran and CNS-COINS President Bill Kamb shared top honors for the sale of OSNA raffle tickets - 4 books each.

Dick Medellin reminds club members that the next raffle tickets will be for the Columbus club's own auction and looks for a better response.

Club picnic

The summer picnic will be Sunday Aug. 13 at Busch, as usual. Pete Miller's working on the details - drinks and otherwise.
